

Dear Parents and Guardians,

I hope you're well and staying healthy. My apologies in advance for the multiple emails; however, it's important that I keep you aware of our updates. Thank you for your flexibility, and for your support since March, I appreciate all of you.

LISD has announced that all students will begin school with 100% Virtual Empowered Learning online from **August 13th through September 7th**. We will have face-to-face "on-site" instruction on **September 8th** for the families who choose this option. Parents will have the option to choose either 100% in person, 100% virtual learning, or a hybrid option for their student (**This hybrid option is available at elementary contingent upon enrollment numbers in this option**). Parents will have until **August 6th** to submit their choices. The district is also asking families about internet accessibility so that they can work with individual households to ensure connectivity and access to learning resources. Please [Click here to complete the selection form](#).

We (**campus level**) will create class schedules once all families have communicated their preference for teaching and learning for their students. Once class schedules are created, teachers will communicate with you introducing themselves to you and your family.

Please refer to the documents below. There is detailed information about what to expect as we begin this school year.

- [Launch to Learning 2020-21 - COVID-19 Health Response Handbook](#)

Back to School Events will be virtual:

- **Tuesday, August 4th:** New Family Orientation 6:30 p.m. Zoom Link to be emailed to new families soon.
- **Monday, August 10th:** PreK Open House 5:00 p.m. Zoom link to be emailed by homeroom teachers soon.
- **Tuesday, August 11th Meet The Teacher:** This will be done virtually. Details to follow soon.

Respectfully,

Charlie Rodriguez

Principal
